*If any crane or temporary structure meets the FAA notification criteria set forth in Title 14 of the Code of Federal Regulations, Part 77, a valid "Determination of No Hazard" issued by the FAA must be submitted to MDAD. If you are required to file with the FAA, please wait until you receive their determination(s) before submitting this form. If you have filed with the FAA, you are required to submit the determination(s) along with this form.

The requestor and/or the crane operator of this MDAD-Issued Permissible Crane Height Determination hereby acknowledges that data provided in this form to be accurate and agrees not to exceed the maximum boom height as deemed permissible by MDAD. The requestor and/or crane operator further acknowledges that failure to comply will result in authorization being withdrawn as enforced by MDAD's Airside Operation Division. Additionally, it is the responsibility of the requestor and/or crane operator to coordinate crane operations with the applicable airport manager.
